Reviewer’s report

Title: Improving the methods used in systematic reviews of adverse effects: a proposal based on evidence from published reviews.

Version: 4 Date: 12 December 2005

Reviewer: Sheena Derry

Reviewer’s report:

General
I am satisfied that my original comments have been adequately answered.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)
None

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
None

Discretionary Revisions (which the author can choose to ignore)
None

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No

Declaration of competing interests:
I have worked in the past with Yoon Loke, but have had no involvement with this paper
