Reviewer’s report

Title: Increasing Recruitment to Randomised Trials: A Review of Randomised Controlled Trials

Version: 2 Date: 5 June 2006

Reviewer: Peter Bower

Reviewer’s report:

General

-----------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

None

-----------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

None

-----------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

None

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No

Declaration of competing interests:

I have conducted work with one of the authors, and had peer reviewed a previous version of this paper for another journal. I do not consider that these represent a serious conflict of interest
