Reviewer's report

Title: Can electronic search engines optimize screening of search results in systematic reviews: an empirical study

Version: 3 Date: 3 January 2006

Reviewer: Ann Mckibbon

Reviewer's report:

General

-----------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Nothing. Fine job.

-----------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

One change. Page 9 "fucussed mainly on the invention" Intervention???

What next?: Accept after minor essential revisions

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No
