Reviewer's report

**Title:** Factors affecting Study Efficiency and Item Non-response in Health Surveys in Developing Countries: The Jamaica National Healthy Lifestyle Survey

**Version:** 2  **Date:** 31 October 2006

**Reviewer:** Carol Brayne

**Reviewer's report:**

**General**
My comments have been addressed either through edits or defence. My only residual request is to clarify how the interrater data were collected?

**Major Compulsory Revisions** (that the author must respond to before a decision on publication can be reached)

**Minor Essential Revisions** (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

**Discretionary Revisions** (which the author can choose to ignore)

**What next?:** Accept without revision

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** No

**Declaration of competing interests:**
I declare that I have no competing interests.
