Reviewer's report

Title: Demographic and occupational predictors of early response to a mailed invitation to enroll in a longitudinal health study

Version: 2 Date: 24 January 2007

Reviewer: Tim Allison

Reviewer's report:

General

Acceptable for publication following the revisions that have been made.

-------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

-------------------------------------------------------------------------------

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
