**Reviewer's report:**

Review of 'Challenges of Self-Reported Medical Conditions and Electronic Medical Records among Members of a Large Military Cohort'

The authors have taken on board comments made by the reviewers. Their response to the reviews and the revised manuscript read well.

Major Compulsory Revisions: None required.

Minor Essential Revisions: None required.

Discretionary Revisions: For completeness, I would prefer Table 2 to contain the 95% confidence interval for both self-reported (95% CI currently included) and the electronic-recorded prevalence of the various medical conditions.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

I declare than I have no competing interests.
