Reviewer’s report

Title: Using reflexivity to enhance in-depth interviewing skills for the clinician researcher.

Version: 2 Date: 21 August 2008

Reviewer: Karin Ried

Reviewer’s report:

The paper could provide a useful resource for novice GP qualitative researchers.

Minor essential revisions:
1) Methods section: Delete ethics reference number, details not needed.
2) Discussion, first sentence: define "this GP researcher", e.g. the novice GP researcher conducting the presented research
3) Page 13: Introduce section on reflexivity and reciprocity by adding subtitles, e.g. Techniques to overcome inadequacies, a) Reflexivity, b) Reciprocity
4) Page 15: Amend "we now offer some recommendations..." to "Here we offer some recommendations..."

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
