Reviewer's report

Title: Estimating preferences for a dermatology consultation using Best-Worst Scaling: comparison of various methods of analysis

Version: 2 Date: 26 March 2008

Reviewer: Dorte Gyrd-Hansen

Reviewer's report:

I feel that the authors have dealt satisfactorily with my comments - the manuscript has been improved by the more detailed description of the method and its merits.

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
