Reviewer’s report

Title: Current use of medical eponyms - a need for global uniformity in scientific publications

Version: 3 Date: 8 January 2009

Reviewer: fernando Herbella

Reviewer’s report:

Dear Editor:

I do believe the authors did a hard work to write the manuscript; however, I still believe that the difference between Down Syndrome and Down’s syndrome is irrelevant.

Level of interest: An article of insufficient interest to warrant publication in a scientific/medical journal

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
