Title: Trials and Tribulations of Recruiting 2,000 Older Women onto a Clinical Trial Investigating Falls and Fractures: Recruitment and Methodology of the Vital D Study

Version: 2 Date: 19 October 2009

Reviewer: A. John Campbell

Reviewer's report:

The issues I raised have been addressed and I have no further suggestions to make. I feel the paper will be a useful addition to the literature and will be of value to researchers planning large community trials.
