Reviewer's report

Title: Out of hours care: A profile analysis of patients attending the emergency department and the general practitioner on call.

Version: 2 Date: 9 September 2010

Reviewer: Suzanne Richards

Reviewer's report:

Thank you for letting me see the revised manuscript. Most of my original comments have been addressed. I still have a few points that must be addressed, but in the most part, I have provided discretionary suggestions on the text to improve the ease of reading. This paper is certainly much clearer now, and close to being publishable. Please see uploaded document for revisions.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
