Reviewer's report

Title: Out of hours care: A profile analysis of patients attending the emergency department and the general practitioner on call.

Version: 2 Date: 2 September 2010

Reviewer: Dan Lasserson

Reviewer's report:

The authors revisions have dramatically enhanced this paper. It is much clearer to follow, the analysis is understandable and they are appropriately aware of the limitations of their data. I accept their arguments about choice of analysis.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
