Reviewer’s report

Title: Are audiovisual messages in the waiting room useful for health education?

Version: 2 Date: 16 March 2011

Reviewer: Aisling Ní Shúilleabháin

Reviewer’s report:

General Comments:
1. The question is clearly delineated and methods adequately described.
2. The context is adequately explained.
3. The limitations are considered and well covered.
4. Usual conventions are adhered to.
5. The abstract provides an adequate summary of the findings.

Discretionary Revisions:
1. Methods: I would have been interested to know what the other health promotion messages on the broadcast were.

Minor Essential Revisions:
1. General - is "broadcast" or "broadcasted" the correct past tense?
2. Conclusion, 3rd sentence: change "increase of" to "increase in".
3. References: 1. WONCA - the hyperlink doesn't work - has it reprinted accurately?

Level of interest: An article of limited interest

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
