Reviewer's report

Title: Performance Feedback: An exploratory study to examine the acceptability and impact for interdisciplinary primary care teams

Version: 2 Date: 24 December 2010

Reviewer: Dianne Delva

Reviewer's report:

Major Compulsory Revisions: none recommended

Minor Essential Revisions: For tables 6 and 7 please indicate number of respondents. I assume this is 121 from Table 5 but is not clear.

Discretionary revisions: The results section is long and I wonder if this might be more focused and shortened to maintain reader interest.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
