Reviewer's report

Title: Building an international network for a primary care research program: reflections on challenges and solutions in the set-up and delivery of a prospective observational study of acute cough in 13 European Countries

Version: 2 Date: 25 June 2011

Reviewer: Frank M Sullivan

Reviewer's report:

I am happy with the amendments made and the reason for not providing the extensive discretionary material as explained.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
