Reviewer’s report

Title: Mapping the Coverage of Attributes in Validated Instruments that Evaluate Primary Healthcare from the Patient Perspective

Version: 2 Date: 29 February 2012

Reviewer: Sharon Johnston

Reviewer’s report:

The revised manuscript has satisfactorily addressed the comments in my initial review and it remains an important contribution to the rapidly evolving field of primary health care evaluation.

Minor Essential revision:

Top of page 12 "organizational reform activities remains A challenge, given THAT most reforms..."

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
