Reviewer's report

Title: Interpreting and acting upon home blood pressure readings: a qualitative study

Version: 1 Date: 12 May 2013

Reviewer: Anthony Viera

Reviewer's report:

This is a straightforward, easy-to-read report of a qualitative study on home BP monitoring. It makes a valuable contribution to the home BP monitoring literature.

Major Compulsory Revisions

None

Minor Essential Revisions

Please proofread; there are punctuation errors such as missing commas (e.g., in 1st line of 2nd paragraph).

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
