Title: A qualitative study of CVD management and dietary changes: problems of 'too much' and 'contradictory' information

Version: 1  Date: 3 December 2013

Reviewer: Annika Anden

Reviewer's report:

This is an interesting and well performed study. The paper is well written. It is easy to understand and it has implications for handling more than CVD patients.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
