Reviewer's report

Title: Identification of adults with symptoms suggestive of obstructive airway disease: Validation of a postal respiratory questionnaire.

Authors:

Dr Timothy L Frank (gpresearchunit@yahoo.co.uk)
Dr Peter I Frank (gpresearchunit@yahoo.co.uk)
Dr Jennifer A Cropper (gpresearchunit@yahoo.co.uk)
Dr Michelle L Hazell (gpresearchunit@yahoo.co.uk)
Dr Philip C Hannaford (gpresearchunit@yahoo.co.uk)
Dr Roseanne R McNamee (gpresearchunit@yahoo.co.uk)
Dr Sybil Hirsch (gpresearchunit@yahoo.co.uk)
Dr Charles AC Pickering (gpresearchunit@yahoo.co.uk)

Version: 2 Date: 15 Apr 2003

Reviewer: Mike Thomas

Level of interest: A paper whose findings are important to those with closely related research interests

Advice on publication: Other (see below)

I am happy with the authors response and revisions and feel that the paper should now be published.

Competing interests:
