Reviewer’s report

Title: A qualitative study of the impact of the implementation of advanced access in primary healthcare on the working lives of general practice staff

Version: 3 Date: 28 August 2005

Reviewer: Mark F Harris

Reviewer’s report:

General
The paper is much improved especially the results in which the qualitative analysis is presented.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)
Nil

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
Nil

Discretionary Revisions (which the author can choose to ignore)
Nil

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No
