Reviewer's report

Title: A qualitative study of the impact of the implementation of advanced access in primary healthcare on the working lives of general practice staff

Version: 3 Date: 1 September 2005

Reviewer: Chris J Salisbury

Reviewer's report:

General

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

I am happy with the changes the authors have made

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

in the acknowledgements, I am now Prof Chris Salisbury, not Dr. I

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No

Declaration of competing interests:

I am conducting research on Advanced Access which involves qualitative work which has some similarities with this paper
