Reviewer's report

**Title:** The relationship between self-reported alcohol intake and the morbidities presented to and managed by GPs in Australia.

**Version:** 3  **Date:** 20 December 2005

**Reviewer:** Daniel C Vinson

**Reviewer’s report:**

General
The authors have been responsive to our reviews.

-----------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

---

What next?: Accept without revision

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** No
