Reviewer's report

Title: Inspiratory Volumes and C-reactive Protein were related with severity of clinical signs in patients with obstructive airway disease: results of a diagnostic study in primary care

Version: 1 Date: 23 March 2006

Reviewer: Kian Fan Chung

Reviewer's report:

General
...

-------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Unable to decide on acceptance or rejection until the authors have responded to the major compulsory revisions

Level of interest: An article of limited interest

Quality of written English: Needs some language corrections before being published

Statistical review: Yes
