Title: Prognostic value of physicians assessment of compliance regarding all-cause mortality in patients with type 2 diabetes: primary care follow-up study

Version: 3 Date: 18 May 2006

Reviewer: Marcel Adriaanse

Reviewer’s report:

Dear Authors,

18th May 2006

With great interest I read your the revised paper entitled “Prognostic value of physicians’ assessment of compliance regarding all-cause mortality in patients with type 2 diabetes: primary care follow-up study.”

You have answered the points sufficiently. I do not have any comments.

It was a pleasure reading and helping to improve the paper.

With kind regards,

Marcel Adriaanse
