Reviewer's report

Title: Depression and the nature of Trinidadian family practice: a cross-sectional study.

Version: 3 Date: 2 April 2007

Reviewer: Irwin Nazareth

Reviewer's report:

General

-------------------------------------------------------------------------------
Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------
Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

The authors has improved the paper but will need to make editing changes in keeping with the style of the journal.

-------------------------------------------------------------------------------
Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:
