Reviewer's report

Title: Views on sick-listing practice among Swedish General Practitioners - a phenomenographic study

Version: 3 Date: 5 July 2007

Reviewer: Peter Verhaak

Reviewer's report:

General

-------------------------------------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Author Fischbein (ref. 36) should be Fishbein (without a c).

-------------------------------------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
