Reviewer's report

Title: Views on sick-listing practice among Swedish General Practitioners - a phenomenographic study

Version: 3  Date: 3 July 2007

Reviewer: Lars Borgquist

Reviewer's report:

General
This is an article which is important in its field and of special interest to those with a close interest in this very important research topic

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
