Reviewer’s report

Title: Use of aspirin for primary and secondary prevention of cardiovascular disease in diabetic patients in an ambulatory care setting in Spain

Version: 1 Date: 24 May 2007
Reviewer: James Sowers

Reviewer’s report:

General
Very important clinical issue of ASA use in diabetic patients in Spain.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached):
None

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct):
1. Please comment on temporal changes in ASA use over the duration of this retrospective analysis.

Discretionary Revisions (which the author can choose to ignore):

What next?: Accept after discretionary revisions

Level of interest: An article of importance in its field
Quality of written English: Acceptable
Statistical review: No, the manuscript does not need to be seen by a statistician.
Declaration of competing interests:
No conflicts.
