Reviewer's report

Title: An internist's role in perioperative medicine: a survey of surgeons' opinions.

Version: 2 Date: 25 October 2007

Reviewer: Nadia Khan

Reviewer's report:

General
The authors have made the requested changes.

-------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
On page 8, the authors should change the statement to: "Secondly, this survey may not be generalizable..."

-------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
I declare that I have no competing interests.
