Reviewer’s report

Title: Is there a need for a GP consultant in a university hospital?

Version: 2 Date: 30 July 2008

Reviewer: Geoffrey Mitchell

Reviewer’s report:

I think that the only possible addition to the modified submission would be words like "in this discipline alone" when quoting about the potential number of potential GP consults in dermatology. Otherwise the paper reads well. Congratulations.

Level of interest: An article of importance in its field
