Reviewer's report

Title: A case report of mesenteric mucinous cystoadenoma with review of the literature.

Version: 2 Date: 21 June 2010

Reviewer: Yu-Meng Tan

Reviewer's report:

This is a case report a rare type of tumour. The report is concise and includes histological slides together with a review of the literature. It is informative on this rare subject but the language needs minor revisions. A CT scan of the original tumor may also be of interest.

Level of interest: An article of limited interest

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
