Reviewer's report

Title: Endoscopic treatments for Barrett's esophagus with high grade dysplasia: a systematic review of safety and effectiveness

Version: 1 Date: 28 May 2010

Reviewer: Janusz Jankowski

Reviewer's report:

This is a good manuscript. It is well undertaken.
The manuscripts conclusions are vague but the evidence isn't there. Perhaps they could suggest what studies should be done.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
