Reviewer’s report

Title: Chemical gastritis after chronic bromazepam intake: a case report

Version: 1  Date: 7 July 2010

Reviewer: Marjorie Walker

Reviewer’s report:

This is an interesting report of a rare condition which provides useful information for practising gastroenterologists and histopathologists.

Minor Essential Revisions

The grammar needs thorough revision before publication

Figure 3 requires a low power histology view to show the chemical gastritis

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
