Reviewer's report

Title: Acetic acid-indigo carmine chromoendoscopy for delineating early gastric cancers: its usefulness according to histological type

Version: 2 Date: 15 March 2010

Reviewer: Ralf Jakobs

Reviewer's report:

The revised version of the manuscript is very acceptable for publication.

The "materials and methods" section as well as the "discussion" part have been improved markedly.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
