Reviewer's report

Title: Transcript levels of Toll-like receptors 5, 8 and 9 correlate with inflammatory activity in Ulcerative Colitis

Version: 4 Date: 22 March 2011

Reviewer: Mathias Chamaillard

Reviewer's report:

The authors have now addressed most of the minor comments on the text, but a confirmation at the protein level of any changes in TLR expression is still lacking.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
