Reviewer's report

Title: The study of visceral hypersensitivity and psychological stress in gastroesophageal reflux disease

Version: 2 Date: 14 February 2011

Reviewer: Zhuo Wang

Reviewer's report:

Discretionary revisions
1. Figure 2, are there data for acid infusion for the control group? If so, should present the data here.

2. Figure 1 & 5, some labels are partly obstructed. Also for labels in all figures, consider using a different font.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
