Reviewer’s report

Title: The Association of Serum Lipids with the Histological Pattern of Rectosigmoid Adenoma in Taiwanese Adults

Version: 4 Date: 12 February 2011

Reviewer: Patricia Thompson

Reviewer’s report:

The authors were very responsive to prior review. The manuscript needs minor editing to be consistent with standard English grammar. No remaining concerns.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
