Reviewer’s report

Title: Most bowel symptoms do not indicate colorectal cancer and polyps: a systematic review

Version: 2 Date: 13 April 2011

Reviewer: Tom Marshall

Reviewer's report:

The authors have responded appropriately to all my comments.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:
