Reviewer's report

Title: High Prevalence of Celiac Disease among Saudi Children with Type 1 Diabetes: a prospective cross-sectional study.

Version: 3 Date: 15 November 2012

Reviewer: Kamran Rostami

Reviewer's report:

Thank you for adjusting the manuscript thoroughly. I'm satisfied with revision and the answers provided.

Only one small point and that; Ref 16 (below) shouldn't have been deleted and need to stay as ref 16 to accompany ref 17, as this is the original and the 17 is the modified one.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
