Reviewer’s report

Title: Luminal lactate in acute pancreatitis - Validation and relation to disease severity.

Version: 4 Date: 27 January 2012

Reviewer: Hans-Ulrich Schulz

Reviewer’s report:

The authors responded in an adequate manner to the points I raised in my initial review. The revisions made by the authors lead to significant improvement of the paper.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:

I declare that I have no competing interests.
