Reviewer's report

**Title:** GERD assessment including pH metry predicts a high response rate to PPI standard therapy.

**Version:** 1  **Date:** 18 November 2012

**Reviewer:** Fabio Pace

**Reviewer's report:**

I have no particular criticism to the article. Some spelling errors through the text (example: pag 8, paragraph Statistical analysis, line 1: were should read where).

I suggest that the important reference [20] should be more commented in the discussion section

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** Yes, and I have assessed the statistics in my report.
