Reviewer’s report

**Title:** Efficacy and tolerability of alpha galactosidase in treating gas-related symptoms in children: a randomized, double-blind, placebo controlled trial.

**Version:** 5  **Date:** 19 August 2013

**Reviewer:** Bridget Southwell

**Reviewer’s report:**

This paper is now much improved from the original version. It is much clearer to follow. The reader can now judge for themselves if they wish to try the treatment.

Minor essential revisions
p4 line 6, add hyphen between out and patients- to create single word 'out-patients'.
p4 join paragraph 5 to 6. .....patient flow. After.................
table 3: insert new column 1, containing the words 'improved' and 'worse'. this will help the reader to know if a higher score is better or worse.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.
