Reviewer’s report

Title: A Rome III survey of functional dyspepsia among the ethnic Malays in a primary care setting

Version: 2 Date: 16 April 2013

Reviewer: Young-Tae Bak

Reviewer's report:

Authors surveyed the status of FD among Malays with an officially and properly translated Malay version of the Rome III questionnaire. All process looked quite reliable and this report shows us the status of FD among local Malays with very low H. pylori infection.

The manuscript was appropriately revised reflecting comments from the reviewers.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
