Reviewer's report

Title: Long-term culture of cholangiocytes from liver fibro-granulomatous lesions

Version: 3 Date: 17 March 2006

Reviewer: Eugenio Gaudio

Reviewer's report:

General
the revised paper is now, in my opinion, suitable for publication on BMC Gastroenterology.

-------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

-------------------------------------------------------------------------------

What next?: Accept without revision
