Title: Colorectal cancer screening awareness among physicians in Greece

Version: 2 Date: 11 May 2006

Reviewer: Grazia Grazzini

Reviewer’s report:

General

I read the implementions made by the Authors in the Introduction and Discussion sections of their paper concerning the role of organized screening programmes and the availability of local endoscopic services. I think that the article is now suitable for the pubblication.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No
