Reviewer's report

Title: Gastroparesis is associated with oxytocin deficiency, oesophageal dysmotility with hyperCCKemia, and autonomic neuropathy with hypergastrinemia

Version: 1 Date: 11 November 2008

Reviewer: Henry P Parkman

Reviewer's report:

A well done study that looks at hormonal factors in diabetic gastroparesis.

comments.
1. Gastroparesis is one word, not two.
2. needs proofreading as there is an extraneous phrase in the results section.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
