Reviewer's report

**Title:** Pharmacotherapy of elderly patients in everyday anthroposophic medical practice: a prospective, multicenter observational study

**Version:** 2  **Date:** 20 May 2010

**Reviewer:** Jeffrey T T Sherer

**Reviewer's report:**

The authors have done a good job responding to my comments and suggestions, particularly with respect to better defining how drugs were categorized for the purposes of their research. Other than some minor style and grammatical issues, it is my belief that the manuscript is ready for publication.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Needs some language corrections before being published

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

I declare that I have no competing interests.
