Reviewer’s report

Title: Depression after low-energy fracture in older women predicts future falls: A prospective observational study

Version: 3 Date: 7 September 2011

Reviewer: Pariya Fazeli

Reviewer’s report:

After reviewing the cover letter and the revised manuscript, it is clear that the authors made all revisions requested by the reviewers (when possible). Specifically, the authors satisfactorily made all of my suggested changes. After making these suggested changes, the paper is much more clear and I recommend that it be considered for publication. I have no further revisions.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
