Reviewer's report

Title: The importance of social support in the associations between psychological distress and somatic- and socio-demographic factors among older adults living at home: a cross sectional study

Version: 2 Date: 7 October 2011

Reviewer: Erika Kobayashi

Reviewer's report:

I have some suggestions for modification. Please see the attached document ("Comments to authors on...") for the details.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:

I declare that I have no competing interests.
