Title: Staging mobility, transfer and walking functions of elderly persons based on the codes of the International Classification of Functioning, Disability and Health

Version: 2 Date: 2 August 2012

Reviewer: Lois Finch

Reviewer's report:

Major Compulsory Revisions

The entire paper needs to be rewritten taking into account the points raised above. A more comprehensive introduction, a clearer methods section, and an expanded discussion are all needed

Level of interest: An article of importance in its field

Quality of written English: Not suitable for publication unless extensively edited

Statistical review: Yes, and I have assessed the statistics in my report.
